NIMESH SHRESTHA

Full-Stack Developer

Personnel Profile

Full-Stack Developer (Backend-heavy) specializing in Node.js, NestJS, and scalable system design. Experienced in microservices, PostgreSQL, Redis, RabbitMQ, Docker, and cloud technologies (AWS, Azure, Firebase).

Work Experience

Node JS

Eb Pearls, Kupondole | Sep 2024 - Current

- Developed a scalable game backend using **AWS**, **GraphQL Apollo Federation**, and **microservices** for high-performance real-time interactions.
- Built a **fintech** platform for a leading fintech company operating in Australia and Canada, leveraging **Azure** (Functions, APIM, Service Bus) to enable a robust and scalable microservices architecture.

Node JS

Code Himalaya , Kupondole | Jun 2023 - Sep 2024

- Designed and implemented scalable, high-performance applications using Node.js, Express, NestJS, stored procedures, and PostgreSQL.
- Successfully developed distinct fintech applications for major tech giants in India

React JS, Node JS, React Native

Freelancer | Aug 2022 -Current

- Designing and implementing apps using React, Node JS, React Native .

Node JS

InfoDevelopers , Sanepa | Nov 2022 - Jun 2023

- Leveraged microservice architecture and technologies like RabbitMQ to ensure scalability and efficiency.

React JS

Diagonal Technology, Sankhamul | May 2022 - SEP 2022

- Translate creative Ui design to good quality code.
- Integrated RESTful APIs and GraphQL endpoints.

Founder, WordPress Administrator

The Rise Online | Jan 2020 - 2021

Education History

Prime College, Khusibun, Kathmandu — BCA (Bachelor in computer application)

Kartik 2076 - 2081
